

FROSTY DREW NATURE CENTER & OBSERVATORY

ADVENTURES IN SPACE

**A Five-Day Space Odyssey at Frosty Drew
in Ninigret Park, Charlestown**

To future space explorers:

We are pleased to offer the opportunity to experience a five-day space odyssey at Frosty Drew in Charlestown.

On this journey you will:

- ☆ Learn about flying, both in and out of the Earth's atmosphere.
- ☆ Find out what it is like to live and work in space. You will also design your own space station, Moon base, or Mars base.
- ☆ See how rockets work from the ground up by building and launching your own model rocket.

On the back side is a schedule of events for this five-day adventure. The program will be offered at Frosty Drew during April vacation week—April 18 through April 22.

The hours of the program are 9 a.m. to noon. Students who are in first grade through fifth grade are welcome to attend.

The cost will be \$150.00 per student (\$120 for Frosty Drew family members) for a week of science education and the excitement of space flight. All materials are included. *Children should bring their own snack.*
